

Dear David & Staff,

You recently helped me with a claim I called about with my 2005 Mazda 6. I honestly wasn't expecting any kind of money, I really was just looking to not be stuck with a "lemon" and getting stuck with the payments. But everyone in your office was so courteous and friendly, it was just a pleasure to talk to Nicole and all the girls who helped me. It's a good feeling to know that nice friendly people like all of you are still out there. So please enjoy this silly card, hope it makes everyone smile. Thank you all very much!

Sincerely,
Melissa
